# ECON20003 Quantitative Methods 2

## Tutorial 1 (Week 1 - Tuesday)

Zheng Fan

The University of Melbourne

# Introduction

Zheng Fan

- Ph.D candidate in Economics at Unimelb

- know more about me: zhengfan.site

If you need help,

- Consultation & Ed discussion board (your first priority)

- Email Dr. Xuan Vu for all subject matters

- Consult Stop 1 for special consideration

- Email: fan.z@unimelb.edu.au (last resort!)

Before posting any questions, make sure you have gone through the materials on Canvas and questions on Ed discussion board!

# Software

We will be using R for this subject. Make sure you have installed both. The detailed instrustions are available on Canvas.

- R-console: https://cran.ms.unimelb.edu.au/

- R-studio: https://posit.co/downloads/

R-studio is a working environment which make R-console easier to access.

After this class, you should know some basic commands and generate some outputs.

# Attendance mark

You may be aware that we have 10% mark for participation. To secure for each tutorial,

- You must attend your registered tutorial

- Complete the in-tutorial Quiz

- Complete the Practice Question from previous tutorial

No make-up opportunities are available.
No mark allocated to tutorial 1 since there is no Practice Question 0.
